SO MUCH MORE THAN HEALTH

Jade Ambassador Daisy Kang

Daisy Kang had a growing acupuncture business when she first started enjoying the benefits of E. EXCEL products, so the business opportunity wasn't a priority at first. Today that is a very different story.

"I knew E. EXCEL could change other people's lives the way it had mine."

SHARING WITH OTHERS

Her feelings changed once she started sharing the products with others and realized that E. EXCEL offered so much more than health. In addition to feeling better, Daisy realized she could grow and develop personally, travel the world, build new friendships, and enjoy additional financial security.

"I started by sharing with family members because I wanted them to feel as good as I did," she explains. "I suffered from painful osteoarthritis and was feeling hopeless. I had visited two specialists, but all their efforts failed. Thanks to my constant use of E. EXCEL products, I felt so much better. I wanted others to have that, too."

Income after retirement is one of the most appealing pieces of the E. EXCEL opportunity.

ENJOYING INCENTIVE TRIPS AND EVENTS

Daisy earned E. EXCEL's 20th anniversary trip to Malaysia her first year as a Distributor. The trip changed her life, she says, and also reinforced the benefits that can be enjoyed through an E. EXCEL business. She has earned every incentive trip since that first one.

In addition Daisy regularly attends E. EXCEL conferences. "Every time I go to these gatherings, I feel re-energized," she says. "Being recognized and receiving training and education is important.

I like to bring friends to these meetings, too. It's a great way for them to learn more about E. EXCEL and have the chance to join me and my group so they can enjoy the same success."

MEETING WITH OTHERS

Meeting regularly with fellow E. Excellers is one of the things Daisy enjoys most about her E. EXCEL business. "I like gathering together and sharing the benefits we've all discovered through E. EXCEL," she says. "When I was first starting out, I learned so much from others; they inspired me to improve and succeed."

Daisy gained confidence in sharing E. EXCEL, especially as she told others about her own story. "Our wholefood products are powerful and safe," she points out. "The science behind them is strong, and Dr. Chen is amazing. I knew E. EXCEL could change other people's lives the way it had mine."

BUILDING THE BUSINESS

Daisy patterns her business after her Upline who, she says, set a great example. Daisy holds weekly group meetings and provides valuable business training for those in her organization. “I work to help those in my group solve their problems and encourage them to share E. EXCEL with as many people as they can,” explains Daisy, who says that, for her, income after retirement is one of the most appealing pieces of the E. EXCEL opportunity.

Another tip Daisy has for those who want to strengthen their businesses is to be both patient and persistent. “When I share E. EXCEL with others, sometimes they are interested and sometimes they aren’t,” she says. “If they’re interested, I share more and let them know that when they join E. EXCEL, they can make money as well as gain health.

“If people are hesitant, I don’t give up,” she continues. “I stay in touch, send messages, and just wait. I spend most of my time with those who are ready, but I’m also ready to move forward with others when the time is right.”

As one of E. EXCEL’s newest Ambassadors, Daisy still has her thriving acupuncture business, and now she has a thriving E. EXCEL business as well. The flexibility, freedom, and support E. EXCEL offers allows her to be successful at both!

Time Management Tips

As a businesswoman and an E. EXCEL Ambassador, Daisy shoulders many responsibilities. Managing her time is essential, and one of the tips she shares with others is how to prioritize what she has to do.

“I’m running different businesses, so I’m busy,” she says. “I create a chart with four sections—urgent and important, urgent but not important, not urgent but important, not urgent and not important—and that’s how I decide what to do first.”

Making Memories on AMAZING E. EXCEL VACATIONS

MUSHROOMS

.....
Little Powerhouses of Potential

Ancient peoples around the globe celebrated the nutritional value of mushrooms.

- **CHINA:** Mushroom consumption dates to several hundred years BC, showing that the Chinese used various types of mushrooms for medicinal effects as well as food.
- **CHILE:** Archaeological evidence dating to 13,000 years ago shows people consuming mushrooms.
- **ROME:** High-ranking Roman citizens ate mushrooms, and Roman emperors employed food tasters to ensure their mushrooms were safe to eat.
- **EGYPT:** According to 4600-year-old hieroglyphics, ancient Egyptians believed mushrooms were “the plant of immortality.” So much so, that the pharaohs decreed that only royalty could eat mushrooms, and that no commoner could ever touch them.

Mushrooms have come out of the past and into an intensifying spotlight as scientists study the beneficial properties of the myriad varieties of mushrooms in the world.

Share

NUTRITIONAL IMMUNOLOGY
分享營養免疫學

Don't like the taste or texture of mushrooms?

It's true, many people don't like to eat mushrooms because of the flavor or the texture. E. EXCEL's *POLY5® Complex* makes it easy for everyone to get the immune-building power of mushrooms. Just pop these capsules, and they'll nourish your immune system with the combined power of concentrated polysaccharides from five varieties of mushrooms!*

- Himematsutake (*Agaricus blazei*)
- Turkey tail (*Trametes versicolor*)
- Shiitake (*Lentinula edodes*)
- Maitake (*Grifola frondosa*)
- Reishi (*Ganoderma lucidum*)

What's so special about mushrooms?

- Low calorie
- Low carbohydrates
- Low fat
- High vitamins
- High minerals
- High polysaccharides

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

REISHI MUSHROOM

Known in Traditional Chinese Medicine as the “mushroom of immortality” and the “medicine of kings,” reishi offers some astounding health benefits. “Reishi indeed sounds like a cure-all,” writes Rebecca Wood in her book *New Whole Foods Encyclopedia*. “It is used as an aid to sleep, as a diuretic, as a laxative, and to lower cholesterol.” It almost seems too good to be true. However, laboratory research seems to prove many of reishi’s beneficial applications. Research shows that the polysaccharide beta-1,3-D-glucan in reishi boosts the immune system by raising the amount of macrophages and T-cells, which have major implications for people suffering from immune system disorders.

The six different types of reishi are classified by color. Red reishi is generally considered the most potent and medicinal variety. E. EXCEL uses red reishi in its products. Reishi typically grows on deciduous trees in heavily forested areas of China and Japan, but it’s now widely cultivated commercially.

Reishi is more than 90% indigestible fiber with a wood-like texture and a bitter taste. Traditionally, it’s used ground in teas and soups, but taking it in capsules is probably

Reishi Mushroom / 靈芝

the best option for getting the beneficial properties of reishi into your body.

Reishi is one of E. EXCEL’s most widely used mushroom ingredients. The following E. EXCEL products contain reishi:

ACT™
POLY5® Complex
Enjoi™

NOCO®
Nutrifresh®
Refresh™

CULTIVATING MUSHROOMS

Mushrooms require different conditions than plants for optimal growth. They derive all of their energy and growth materials from their growth medium, through biochemical decomposition processes.

Turkey Tail Mushroom / 雲芝

Turkey Tail Mushroom (Tramete versicolor)

If you've ever walked through an old forest, you've probably seen this super-abundant, colorful, bracket fungi growing on dead trees, logs, branches, and stumps around the world. They grow as thin, leathery, leaf-like structures in concentric circles. Found practically wherever trees grow, turkey tails are some of the most common mushrooms found on wood on the planet.

Turkey tail mushrooms contain these polysaccharides.

- PSK (Polysaccharide-K), which research indicates may inhibit the onset mechanisms of illnesses.
- PSP (Polysaccharide peptide), which appears to work as a biological response modifier, enhancing the body's use of macrophages and T-lymphocytes.
- Beta-glucans, which act as biological response modifiers, based on their effects on the immune system.
- Arabinoxylane, one of the main components of soluble and insoluble dietary fibers that provide various health benefits.

More than 80% of commercial operations grow mushrooms on synthetic logs made from sawdust, straw, corncobs, and various other agricultural byproducts. By using synthetic logs, growers can harvest mushrooms year-round and produce three to four times the yield in one-tenth the time natural logs require. This method is also considerably more environmentally friendly, as the mushrooms naturally decompose these materials.

EVA YAN QIN YANG
Pearl Master / 珍珠經理

My Choice, My Future

THE E. EXCEL BUSINESS

“I believe that I can do better, that I can do great things, and that I have made the right choices for myself and my family,” states New York Pearl Master Eva Yang—but those choices were not always hers to make.

Growing up in Fuzhou, China, Eva studied, learned, and dreamed of going to college and earning a higher degree. However, according to tradition, her family arranged for her to go to the United States. Because her parents had spent a lot of money to send her, she needed to make money, so she went to work in a restaurant. But it didn't give her the sense of accomplishment and satisfaction she yearned for.

A year later, she followed her parents' wishes and married. Her parents believed that marrying a good man and having kids was proper, and so Eva did. After another year, her first son was born. Today she has three children ages 14, 10, and 2. "As time passed, day by day and year by year, my dreams faded. I felt like I was missing out on so much in my life because I was not able to make my own choices," Eva contemplates. "I wanted so much more for myself. I wanted to make one choice that would make my dreams come true!"

Unsatisfied with her life, Eva went to work to help support her family. She started selling clothing and decided to make a choice of her own, so she took some cosmetology classes with the aim of owning her own salon one day. But she discovered owning a traditional business wasn't that easy. While working part time at a beauty shop, she met E. EXCEL Jade

Master Emily Hsu, which started a cascade of events for her. Emily began talking to her about E. EXCEL, but Eva wasn't interested at first. However, Emily knew Eva worked in skincare, and asked her for help. "I wondered why she wanted me to help her with skincare when she already had such beautiful skin," said Eva, "but I arranged for a friend of mine, Lucy Lu, to help her."

Lucy ultimately joined E. EXCEL, and after a month or two of taking the products, Lucy also started talking to Eva about E. EXCEL. Because Lucy was a friend and Eva trusted her, Eva eventually joined E. EXCEL. She started attending training meetings where the message of Nutritional Immunology resonated with her. She began giving the products to her second son, who had allergies and went to the doctor several times a month. Now he rarely sees a doctor, and her other children have benefited from Nutritional Immunology as well. She explains, "When the kids struggled with school, I always thought the teacher was at fault, but now I understand that good nutrition can give them better health and better ability to concentrate and learn."

Eva joined E. EXCEL four years ago because of friends, and went from accepting, to understanding, to evaluating this business opportunity. "For

E. EXCEL woke up my dreams and gave me the choices, accomplishments, recognition, and opportunities to learn and grow that I had been looking for all my life!

some time I pondered: Should I open a beauty shop of my own or do E. EXCEL as a business? I always thought a traditional business was the only way, but a traditional business is riskier with more financial problems, long hours, and no family time. I didn't want an ordinary life! I decided I wanted an E. EXCEL business!"

"E. EXCEL woke up my dream and gave me the choices, accomplishments, recognition, and opportunities to learn and grow that I had been looking for all my life! The feeling is wonderful. I set goals to be a good example for my group and my children. Right now, my goals include helping my Downlines be successful and taking my family around the world with E. EXCEL," a thrilled Eva exclaims. "I can do E. EXCEL full time while taking care of my three kids. I schedule my time so my weekends are strictly for my children, but Monday through Friday I choose to work on my E. EXCEL business. I am living my richer life, being able to care for my children, my home, and myself while earning money through my E. EXCEL business, a business I chose for myself."

My goals include helping my Downlines be successful and taking my family around the world with E. EXCEL!

WITH E. EXCEL, YOU CHOOSE

"What I have today is because of the choice I made seven years ago," says Jade Master Su Chin Lew. "The choices you make today affect your future. Make the right choice for your future!"

Su's life today is richer and more meaningful. E. EXCEL offers everyone the opportunity to enjoy the amazing benefits that come from building your own health and nutritional business and being your own boss.

Freedom

"Being a Distributor has given me the freedom to enjoy the quality of life and freedom I was missing before."

—Mary Y. Lee (San Marino, CA)

—Wen Ting (Wendy) Song, Aurora, ON

"Partnering with such an innovative, research-based company on a never-ending quest for excellence inspires me every day."

—Sylvia Dieulinh Phan, Markham, ON

"I feel so alive, so happy, and so grateful!"

— Cheng Wen Zheng, NYC, New York

Inspiration

THE RICHER LIFE

ONE CHOICE AWAY

Life changes start with just one choice, and no one understands that better than E. EXCEL Pearl Master Xiu Mei Ren. Like many E. Excellers, Xiu Mei initially joined E. EXCEL because of the products. She attended a barbecue with a friend and more than 50 Distributors were there. "It was a rainy day," Xiu Mei recalls, "but after meeting more than 50 E. Excellers, I felt warm and welcome; it was like I was part of the family."

Xiu Mei's mother was struggling with health problems at the time, and Xiu Mei thought E. EXCEL products might help. Sure enough, within two or three months of taking the products, Xiu Mei's mom was enjoying much better health. "She had more energy, strength, and endurance," Xiu Mei says. "I saw the changes she was experiencing and wondered if the products could help me as well."

HEALING AND RECOVERING

A year earlier, Xiu Mei had injured her arm in a car accident and, although she underwent two surgeries and numerous treatments, using her arm was still extremely painful. "I had a difficult time doing basic everyday things, like getting dressed and going to the bathroom," she says. "My four-year-old daughter had to help me."

Xiu Mei's mother-in-law was also helping out, which made Xiu Mei self-conscious. "It was opposite of what it should be," she explains. "Instead of me helping her, which I wanted to do, she was helping me."

So Xiu Mei started taking several key E. EXCEL products. "I was giving my body all the nutrients it needed to heal and recover," she explains. "I wanted to feel better as quickly as I could."

CHANGING DIRECTIONS

And she did. Amazed, Xiu Mei spent time learning more about the products and the E. EXCEL opportunity, and she began to change her focus and direction. "I saw Dr. Chen when she came to New York and listened to her talk about the products, and that made me believe in the products even more strongly.

"At the same time, I joined the incentive trip contest and won," she continues. "The next year I went on the Caribbean Shine cruise, and then I became a Pearl Master. I looked at the difference E. EXCEL had made in my life and asked myself, 'If E. EXCEL has made such a difference in my life, why don't I share it even more with those around me?'"

XIU MEI'S FAVORITE PRODUCTS

Xiu Mei chose to start with these outstanding products:

- Symphony of Excellence™
- ART™
- G-ART®
- ACT™
- NOCO®
- A'Romantic®

“When I made that choice, my actions changed, and when my actions changed, I got the results I was looking for—greater health and a richer life.”

LIVING RICHER IN SO MANY WAYS

Helping others change their lives—through both the products and the business opportunity—has now become Xiu Mei’s focus. And as she’s focused on that, she’s enjoyed inspiring personal growth, exciting success, and continued health. “When I first started with E. EXCEL, I was shy and reserved,” she says. “I didn’t understand a lot about the products and the opportunity. My Upline has been so supportive and helpful. Every time I had a question, they had an answer.

“I gained confidence in my abilities to build my business and share my story,” she continues. “I also met so many new friends who have the same goals as I do. And now, when my Downline get discouraged or have questions, I help them the same way my Upline helped me.”

It all starts with one choice, says Xiu Mei. “I chose E. EXCEL,” she explains. “When I made that choice, my actions changed, and when my actions changed, I got the results I was looking for—greater health and a richer life.”

your lifestyle and other factors.
e's wide range of products gives
a happy, healthy, and beautiful!

Skincare Routine

ELEMENTE®

The Overnight Refresher

The rich nourishment of these products is great for a nighttime routine that works while you sleep.

1. Hydrating Foaming Facial Wash:

- Effectively rinses away dirt and oil
- Does not deplete the skin's own valuable moisture
- Leaves skin refreshed and ready to receive nourishment

2. Cactus Essence Facial Hydrating Lotion:

- Nourish skin with cactus extract and *Oxygenberry® Complex*
- Use overnight to provide smooth, brighter skin

Or,

3. Essence of the Sea Facial Lotion:

- Ocean seaweed and algae contain rich minerals, trace elements, amino acids, antioxidants, polysaccharides, and enzymes—all in perfect balance
- High levels of seaweed extract, marine algae extract, and *Oxygenberry® Complex* refresh your skin.
- Use overnight for deep nourishment

The Date Night Dalliance

Make a splash with your honey when you start with this ever-so-softening, smoothing routine.

1. Hydrating Foaming Facial Wash:

- Remove accumulated makeup, oils, and dirt without stripping skin's own moisture levels.

2. Oxyginberry Essence Hydrating Facial Serum:

- Enriched with an exceptionally high concentration of *Oxyginberry® Complex*
- Deliver maximum hydration and nourishment with this lightweight serum.

3. Rose Essence Phytolift Firming Eye Cream:

- Natural rose extract and *Oxyginberry® Complex* help retain suppleness and hydration
- Forms a protective barrier against environmental stresses
- Lose that tired look before heading out for the evening

4. Youth Rejuvenator Moisturizer:

- PFCs help keep your age and the stress of the day a secret
- Maintains healthy, youthful-looking skin

The Ageless Gentleman

Men want to look their best, too, and having a more youthful, hydrated complexion can make a difference in how others perceive you as well.

1. Facial Cleansing Liquid:

- Use this gentle, highly effective cleanser instead of harsh soaps
- Cactus pad and cactus fruit extract in *Oxyginberry® Complex* can help soothe and repair minor irritations caused by shaving

2. Essential Line-Defying Facial Cream:

- Leaves an incredibly soft and youthful feel
- Reduces visible signs of aging
- Restores look of vitality
- Helps visibly lift skin with daily use

3. Youth Rejuvenator Moisturizer:

- Perfluorocarbons (PFCs) help maintain healthy, youthful-looking skin by plumping lines and wrinkles for a smoother complexion.

E. EXCEL Elemente's variety of skincare products lets you choose those products that best suit the needs of your skin at any stage of life. Try them out and discover your best routine for any lifestyle.

Build an **Elemente** Business

Skincare is a lucrative business. Everyone wants to look their best whether they are 20 or 80. Elemente’s botanical skincare products are manufactured under strict controls to meet stringent standards. The most effective and beneficial products available, Elemente skincare makes an excellent foundation for building an E. EXCEL business.

E. EXCEL has made it easy to start and grow a home-based business entirely on skincare products. The Elemente Excelsator Pack allows new COE members to get started on an Elemente-based business from the beginning. The market for Elemente products is extensive, and open to both men and women of all ages who care about their looks—which is just about everyone!

ELEMENTE EXCELERATOR KIT

Rose Essence Phytolift Firming Eye Essence, Rose Essence Phytolift Firming Hand Treatment, Facial Cleansing Liquid, Oxyginberry™ Essence Hydrating Facial Serum, Oxyginberry™ Pearl Essence Moisturizer

It's a SURE thing!

E. EXCEL's new low glycemic index products are great for your low-sugar lifestyle!

The Glycemic Index measures how fast carbohydrates in foods raise blood glucose levels during digestion. Soybeans are a low glycemic index food, with an index of only 18 (anything under 35 is considered low). Combine soy with psyllium husk, which helps slow digestion, and the complex carbohydrates of wheat bran, and you have *EverSure-D™*, an excellent low glycemic food that provides 6 grams of protein and 3 grams of carbohydrate in only 48 calories per serving. We also added natural vanilla flavoring for a fantastic taste!

A glass of *EverSure-D™* is a great way to wash down your *Sure-D™* capsules in the morning and boost your low-sugar lifestyle! *Sure-D™* contains bitter melon, a low glycemic index fruit used in Chinese Traditional Medicine for centuries to help support a low-sugar diet, with ginseng for energy, and blueberries and acerola cherries for antioxidants.

Try them today, separately or together, and you're SURE to love your body's healthy response!

Sure-D now available in Canada!
