

Oxyginberry™ Pearl Essence Moisturizer

Pearls of Beauty

Oxyginberry™ Pearl Essence Moisturizer is a gentle moisturizer for delicate skin. It delivers exceptional soothing care by harnessing the nutritional benefits of jabara and pearl, while hydrating skin with antioxidant-rich *Oxyginberry™ Complex* to help delay visible signs of aging.

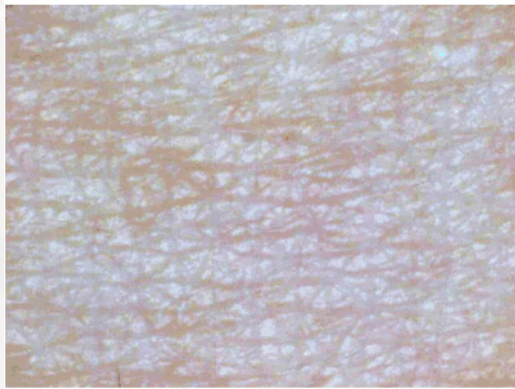

A Revolutionary Formula

Oxyginberry Pearl Essence Moisturizer soothes and moisturizes skin, thanks to its unique blend of:

- **Jabara** — a citrus fruit unique to the Kitayama village in Wakayama, Japan. The jabara juice and fruit help improve skin condition by aiding significantly to relieve symptoms such as dryness and flaking, while hydrating skin.
- **Pearl** — traditionally used to soothe, soften and heal the skin, it helps to moisturize skin. Pearl may prevent pigmentation by slowing down the development of melanin, which controls the skin's color pigment. Studies have shown pearl to filter the sun's rays and some Chinese experts even believe that pearls may help correct sun-induced skin damage.
- **Oxyginberry™ Complex** — a breakthrough in skincare science and made from a precious combination of ginseng berry, cactus fruit, cactus, grape seed extract, rose and seaweed. Rich in antioxidants and plant micronutrients essential for healthy, glowing skin.

Moisture That Shimmers And Lasts

The fruit of years of research, Oxyginberry Pearl Essence has been put to the test by E. Excel scientists. Our tests show that Oxyginberry Pearl Essence is gentle on delicate skin yet effective in hydrating skin, endowing it with a youthful, pearly glow.

BEFORE

Dry, rough skin tends to crease horizontally, causing wrinkles and brown spots.

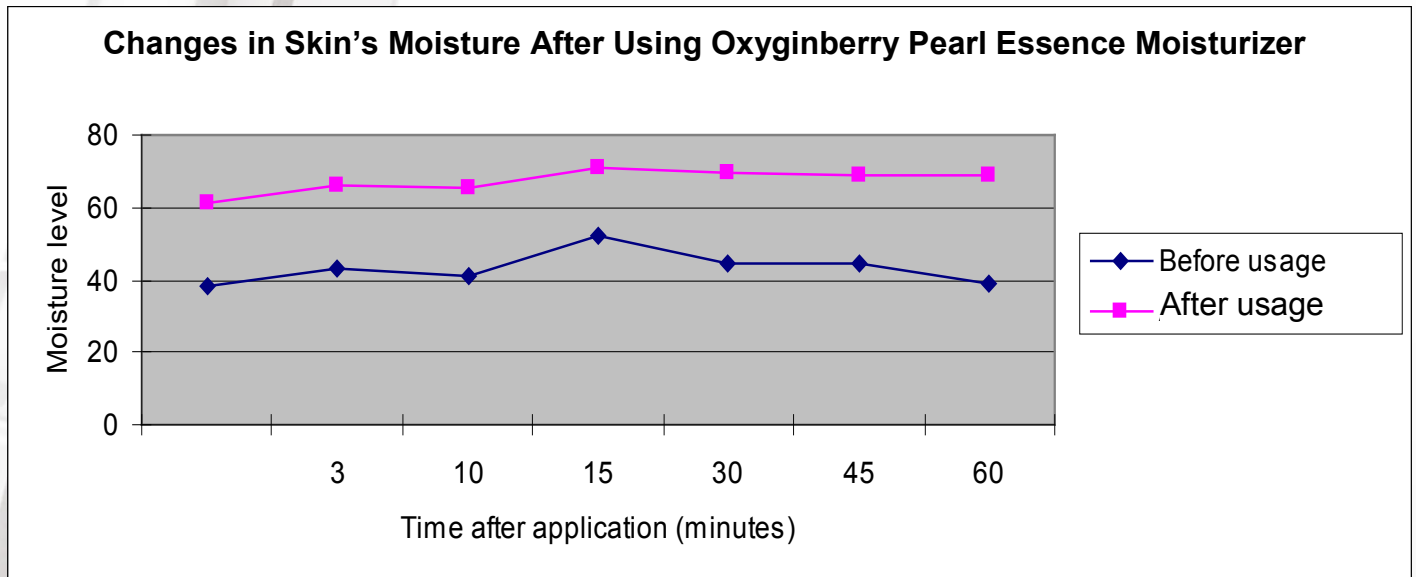

AFTER

Oxyginberry Pearl Essence helps skin retain moisture, enabling skin to smoothen and lighten. Triangular patterns — a sign of healthy skin — are clearly evident.

Oxyginberry Pearl Essence Moisturizer can

- increase skin's moisture by up to 75% (see test results below), and
- improve skin's ability to retain moisture.

**Oxyginberry™ Pearl Essence Moisturizer
makes a difference to skin
in just 3 minutes!**
