Bringing the World to You

Antioxidants, phytochemicals, and polysaccharides in plants support their health and growth. Nutritional Immunology researchers discovered these micronutrients also nourish and protect people. Some plants contain thousands of these compounds, and considering they've only been studied for about 100 years, how many more are yet to be discovered is anyone's guess. But people the world over

know the plants in their local environments that support life and benefit health. Nutritional Immunologists, including E. EXCEL founder Dr. Jau-Fei Chen, gather this traditional information and further study plants from around the globe. They may not grow in your neighborhood or survive travel to it with all their nutrients intact. But through the nutritious formulations from E. EXCEL, you can have access to whole plant foods from all over the world and benefit from the important antioxidants, phytochemicals, and polysaccharides they provide.

E. EXCEL stands for Extra Excellence. For decades we've dedicated ourselves to providing excellence in all we do so you'll enjoy:

- Products backed by ongoing research and development containing plant foods from around the world
- No added, isolated, or synthesized nutrients or stimulants
- High-quality manufacturing processes in E. EXCEL-owned and operated facilities
- The most convenient whole foods products available.

Prickly pear cactus pad found in all E. EXCEL Millennium® products and more

► **Millennium®**

Millennium combines prickly pear cactus with royal jelly and honey. In 1996, our revolutionary Millennium formulation won first place at the Conference of World Traditional Medicine.

Made from handpicked cactus, cold pressed, and filtered to remove irritating components, it is carefully packaged into convenient, patented, state-of-the-art EP-PAK cartons to preserve freshness. Packed full of supportive compounds and phytochemicals, make Millennium your daily approach to overall good health.

5 • 200 ml cartons | Code: 800010

► **Millennium® Red**

Made with the same fine cactus liquid, but without honey or royal jelly, Millennium Red is for those with low-sugar dietary needs or allergies to bee products. Natural orange and lemon provide a satisfying flavor for this delicious beverage.

5 • 200 ml cartons | Code: 800020

► **Millennium® Powdered Beverage**

Our *Millennium Powdered Beverage* makes it easy to pack for traveling, convenient, and safe. Take it with you anytime, anywhere! Made with stevia, a plant-based non-caloric sweetener instead of honey, this beverage is suitable for anyone, even those on low-calorie diets or allergic to bees.

30 • 15 g packets | Code: 100180

► **Millennium® Powdered Beverage Gold Edition**

Millennium Powdered Beverage Gold Edition includes the high-quality cactus that all of our *Millennium* beverages contain, and is a low-calorie beverage sweetened with stevia. In addition, Cordyceps mycelium, the fungal body that produces the fruiting body (mushroom), is also included! Cordyceps may contribute to healthy immune system functions.

30 • 15 g packets | Code: 100190

A 'mycelium' is a growing stage in the life cycle of any fungus. Cordyceps mycelium can be cultivated, but will not produce the actual mushroom stage of the fungus. The mycelium has considerable nutritional value on its own, while offering a consistent, less expensive source than Cordyceps sinensis.

► **Celebration™**

Celebration includes high-quality cactus, Cordyceps mycelium, the fungal body that produces the fruiting body (cordyceps mushroom), and American ginseng. *Celebration* is sweetened with natural stevia and helps support your immune system!

30 • 18 g packets | Code: 100155

Cordyceps mushrooms, the mycelium of which is found in Millennium® Powdered Beverage Gold Edition and Celebration™

Desert Survivor with International Appeal

Prickly pear cactus (*Opuntia*), which grows wild all over the American Southwest region, is also a valuable farm product. It's extremely popular in Mexico, and other countries are learning about this exceptional food source as well. Ethiopia, Morocco, South Africa, Peru, Argentina, and Chile all have cactus farms. Southern Italians are crazy about cactus fruit, too! Sicilians have grown them for years; they are second only to Mexico in cactus fruit production.

Powdered Beverages are the perfect balance of nutrition and convenience.

▶ **1-SHAPE™**

Formulated with wholesome soy, American ginseng, psyllium husk, and a variety of fruits and vegetables carefully selected to help you manage your weight. With only 4 net carbs per serving, you can use 1-SHAPE to supplement your low calorie diet. Try a packet of 1-SHAPE mixed with *Oxyginberry Beverage* and *Nutriall Original* for a healthy shake that's under 200 calories, low in fat high in fiber and plant protein.

30 • 18 g packets | Code: 610074

▶ **1-SHAPE™ Lite**

Made with soy, American ginseng and psyllium husk, this lighter version of 1-SHAPE™ provides the benefit of soy's complete protein and psyllium husk to promote a full, satisfied feeling. With only 3 net carbs per serving, 1-SHAPE Lite is Keto, Paleo, and Whole 30 Diet-friendly. Combine two packets with *Nutrifresh* for a shake that's low in fat, high in fiber, and a good source of plant protein.

30 • 14 g packets | Code: 610073

Pumkin flower found in A'Romantic®

▶ **A'Romantic®**

Get the rich, dark, full-bodied coffee flavor and aroma you love with A'Romantic, an incredible phytochemical-rich beverage, which is also low in calories, sugar, and fat. Indulge yourself with each sip!

30 • 6 g packets | Code: 10002

▶ **Enjoi™**

Combining lotus leaf and ganoderma mushroom, *Enjoi* helps maintain overall health. Made with barley and rice for healthy phytochemicals, it's great for those who are allergic to soy.

30 • 15 g packets | Code: 610050

▶ **EverNew®**

Made with psyllium, bananas, apple fiber, blueberry, grape, cherries, pear fiber, barley grass, oat fiber, rye, and bran, EverNew has natural fruit flavoring and is a delicious way to keep your body in a healthy balance. Soluble fiber from foods such as psyllium seed husk as part of a diet low in saturated fat and cholesterol may reduce the risk of heart disease. One serving of Evernew contains at least 3g of soluble fiber.

30 • 18 g packets | Code: 610090
Evernew Orange – 610092

Adding fiber to your diet can be a great way to support your health! A healthy diet includes 25–38 grams of fiber per day. A serving of *EverNew*®, *EverNew*®-D, or *EverNew*® Orange provides 9-10g of fiber from psyllium husk to help you stay healthy.

► **EverNew®-D**

For those with low-sugar dietary needs, this concentrated formula of psyllium and orange, with banana, pineapple, and oat fiber, is a great way to include dietary fiber in your diet! Its delicious, sweet taste comes from the natural, non-caloric sweetener stevia.

30 • 18 g packets | Code: 610094

► **EverSure-D™**

EverSure-D is made from psyllium husk, wheat bran, and soybeans for 6 grams of delicious and nutritious plant protein. If sweet foods aren't your thing, *EverSure-D* may be just what you are looking for. Combine *EverSure-D* with *Vegecolor™* for a fast, convenient, healthy way to start your day!

30 • 12 g packets | Code: 610023

► **Nutriall®**

Research indicates that diets low in saturated fat and cholesterol that include 25 grams of soy protein a day may reduce the risk of heart disease. Naturally flavored, *Nutriall Original* provides 8 grams of soy protein per serving, along with other phytochemicals that provide nourishment to help maintain health and vitality. Natural strawberry flavored *Nutriall® Berry* contains 5 grams of soy protein per serving.

30 • 15 g packets | Code: 610040
Nutriall Berry – 610041

► **Nutricardia®**

Nutricardia contains natural fruits and botanical ingredients that nourish the circulatory system and liver—which in turn deliver nourishment to every cell in your body! The combination of hawthorn berry, blueberry, and other whole plant foods in *Nutricardia* help maintain balance in the system.

▶ **Orchestra™**

Made with all-natural, extremely rare botanical ingredients such as Ashitaba and kumazasa, *Orchestra* provides enormous benefits long into old age. *Orchestra* takes advantage of these plants in the eight flavors found in our variety pack. You get two of each flavor—Strawberry, Kumquat, Peach, Lime, Mixed Fruit, Jasmine, Peppermint, Cinnamon—in every box!

16 pk • 10 ml each | Code: 610200

Ashitaba found in *Orchestra™* and *E-Memories™*

Ashitaba literally means 'tomorrow's leaf.' During the Edo period, convicts exiled to Hachijo Island lived long lives despite hard labor and poor diet. Some scholars attribute this to the consumption of ashitaba, which grew abundantly on the island.

Noni fruit found in Refresh™ Herbal Tea Beverage

▶ **Triflora™ Jasmine**

A warm, soothing, tea blend with fragrant jasmine flower, green tea leaves, ginseng, and chrysanthemum flower, *Triflora™ Jasmine* helps restore balance in the body. This low-carb, low-calorie herbal tea is made with young green tea leaves, which are prized for their delicacy and flavor.

That Mysterious Something

When fed manmade pollen, bees die even though all the known nutrients are in the synthesized food. Bees add some unknown, mysterious something to one of nature's most perfect foods. Traditional Chinese Medicine considers bee pollen a nutritive tonic that aids in endurance and vitality, and supports longevity.

Wholefood Capsules E. EXCEL's wholefood capsules are unique formulations designed to provide the same nutrition you would find on your grocery shelves—just in the form of convenient capsules!

Reishi (*Ganoderma lucidum*) is an important adaptogenic mushroom that helps maintain balance in the body. Several E. EXCEL products contain this important whole mushroom, such as NOCO®, Refresh™, ACT™, and POLY5®.

Green Mushrooms

More than 80% of commercial mushroom growers use simulated logs made from agricultural byproducts to grow mushrooms. Growers can then harvest mushrooms year-round for three to four times the yield of natural logs. Plus, it's environmentally friendly because the mushrooms naturally decompose these materials!

Macadamia nuts found in E. EXCEL Essential Blend™

► **E. EXCEL Essential Blend™**
An Exclusive Blend of Macadamia Nut and Perilla Seed Oils

Oils are one of the most common sources of omega-6 and omega-3 essential fatty acids in our everyday diets. These fatty acids not only support brain and nervous system health, but heart health as well and are vital for growth and development in young children. However, many oils commonly used today have extremely high levels of omega-6 and low to no omega-3 fatty acids. The perfect ratio is a 1 to 1 balance of omega-6 to omega-3 fatty acids. *E. EXCEL Essential Blend* is an exclusive blend of macadamia nut and perilla seed oils that provides that perfect balance for your family. Use it for all your daily culinary needs, from sautéing to stir-frying, baking, roasting, grilling, even salads and dips. The light nutty flavor blends well with all your healthy recipes!

“Many modern health concerns may be due to an unbalanced omega-6 to omega-3 fatty acid ratio. The ideal omega-6 to omega-3 fatty acid ratio is between 1:1 and 4:1, but today’s unhealthy diets mean that this ratio can be as high as 30:1 or more.”

From Australia to Hawaii

Macadamia trees are native to Australia but were introduced to Hawaii in 1881 by William Herbert Purvis. Hawaii is now the world's largest exporter of macadamia nuts. Incredibly, the macadamia trees introduced by Mr. Purvis in 1881 are still alive, healthy, and productive 135 years later!

Youth Rejuvenator Facial Moisturizer Results

Perfluorocarbons (PFCs), found in *Youth Rejuvenator Facial Moisturizer*, can dissolve and carry gases like carbon dioxide and oxygen. In skincare, PFCs can help with the appearance of age lines by:

- Improving oxygen supply to cells
- Relaxing facial muscles to diminish lines
- Penetrating quickly for fast, visible, long-lasting results

▶ Oxygenberry® Pearl Essence Moisturizer

Give your skin a luxurious treat with this exceptional moisturizer containing precious ingredients like jabara, pearl, and *Oxygenberry® Complex*, that hydrate, soften, aid in skin rejuvenation. Sensitive skin types will particularly benefit from this blend of high-quality ingredients.

0.35 fl oz (10 ml) X 3 | Code: 10204

▶ Essential Line-Defying Facial Cream

Drench your skin in this luxurious cream for an incredibly soft and youthful feel. *Essential Line-Defying Facial Cream* helps reduce visible signs of aging for skin that feels smooth and supple, day after day.

SQUALENE vs. SQUALANE

What does a shark liver and your skin have in common? Both of them contain a special oil called squalene. From birth, this natural moisturizing oil is found in your skin, but it decreases with age, starting as young as 25. After 25, the levels of squalene in your skin decline, leaving you susceptible to fine lines, wrinkles, and dryness.

In the past, shark livers were the only other source of this precious oil, but with the introduction of squalane the use of shark livers stopped. Derived 100% from plant sources, such as rice, sugarcane, and olive oil, the hydrocarbon squalane is safe, eco-friendly, and renewable—and great for healthy, moisturized skin!

HAIR CARE

▶ Color Protective Moisturizing Shampoo

Deeply cleanses and moisturizes hair with the natural goodness of plant extracts, effectively preventing drying and breakage. *Color Protective Moisturizing Shampoo* also enhances hair color, leaving hair soft and silky. Suitable for all hair types, especially damaged or color-treated hair.

10.5 fl oz (300 ml) | Code: 10500

▶ Moisturizing Conditioner

10.5 fl oz (300 ml) | Code: 10501

Hair is a protein filament composed mostly of keratin that grows from follicles found in the skin. Feed your follicles a healthy diet including phytochemicals, antioxidants, and polysaccharides to maintain healthy hair.

"After years of being a dedicated mom and taking care of my home, I noticed my skin had lost its luster, and the oily T-zone and acne I struggled with for 10 years was worse. None of the expensive skincare products I tried worked. My life changed when I discovered Elemente products. In just one month, my skin had significantly improved, my T-zone was less greasy, and my acne faded. My friends noticed, my husband complimented my radiant skin, and I now feel beautiful and confident!"

– Xiu Chai Chen, Flushing, NY

The nourishing ingredients in E. EXCEL's hair care products deep clean and moisturize all hair types—especially damaged and color treated—to reduce dryness, breakage, and split ends for healthy, more manageable hair.

▶ Hair Color Cream

Attending an important event and need to cover unsightly roots quickly and easily? *Elemente's Hair Color Cream* provides fast and natural-looking temporary coverage for dark hair that lasts all day. Convenient to use, it's non-sticky and provides coverage until washed off. To remove, simply shampoo away!

"I've been a beautician for over 10 years, but even I struggled with improving my skin. I tried lots of name brand products, but none of them helped. That's when one of my customers introduced me to Elemente. I chose products right for my sensitive skin and waited for the seasons to change. Elemente passed the test—I didn't suffer any of the problems I normally experience."

– Lucy Lu, Flushing, NY

Support collagen production, reduce visible signs of aging, and retain suppleness on your face, neck, and hands with a combination of our exclusive rose extract and *Oxygenberry® Complex* designed to help your skin maintain a youthful radiance.

*"As a beautician, I worried about my oily T-zone, clogged pores, pimples, and blackheads. I tried everything from salon treatments to pore strips and scrubbing, but nothing helped. When I joined E. EXCEL, I learned how to protect my skin. The combination of *Oxygenberry® Complex* and gentle formulas is perfect. I got exactly what I was looking for—younger-looking, more resilient skin."*

– May Dong, Flushing, NY
