

## E. EXCEL North America Working Committee

Since E. EXCEL's founding in 1987, we have always regarded our people as our single most important resource. In this our 30th year, we have never been more committed to providing the best products and opportunities to our E. Excel Distributors. With the introduction of the E. EXCEL North America Working Committee (NAWC), we will be putting in place a platform to tap E. Excellers' thoughts on a variety of interests to all E. Excellers. With this platform, it is also our hope to enable E. Excellers from different regions of North America to be enriched by these interactions.

E. Excellers from across North America are being invited to contribute innovative ideas, business experience, and creative input on matters of importance to our company operations in North America. We are very excited about what we can accomplish together!

### **North American Working Committee (NAWC) Member Qualification**

E. EXCEL has set qualifying criteria to ensure fairness in the selection of E. EXCEL NAWC members.

- Maintain the required PCV and PGQV in your account during the qualifying period
- Total PGQV of your personal and first-level downlines during the qualifying period

The qualifying period was August 2016 through July 2017. NAWC invitees are individuals who ranked highest on the above qualifications. Invitees will participate in the initial committee for a term beginning October 1, 2017 and lasting through September 30, 2018.

E. EXCEL NAWC members will be selected by E. EXCEL North America. E. EXCEL North America reserves the right to make all final decisions regarding E. EXCEL NAWC member selection.

*The future of E. EXCEL is bright. We look forward to working with you!*

E. EXCEL North America Working Committee members will be selected by E. EXCEL North America. E. EXCEL North America reserves the right to make all final decisions regarding E. EXCEL North America Working Committee member selection.
